FALSE TEETH
That Loosen
Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their false teeth dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just spritz a little **FASTERTH** the saliva-like (non-acid) powder on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get **FASTERTH** at any drug store.

Journalism Scholarship Of \$500 Offered
The Washington Chapter of the National Society of Arts and Letters is offering a \$500 journalism scholarship at George Washington University to a Washington area high school senior.
The contest will consist of writing two news stories from detailed dates. It will be held at 10 a.m. Saturday in Room 201, Building "D," on the university campus.

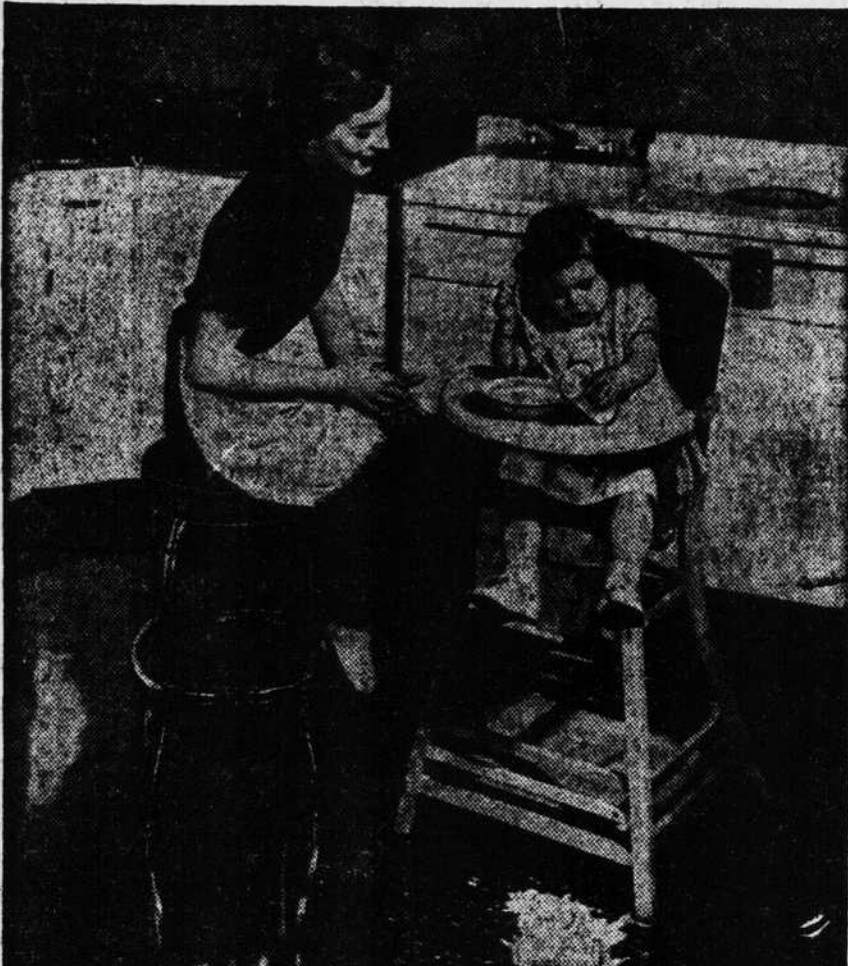

Citizens Group Hints Move To Limit Federation Rolls
The Bradbury Heights Citizens' Association last night opposed a move that would limit membership in the Federation of Citizens' Associations to groups that have 20 members attending and participating in a minimum of six meetings a year.
Henry Austin, former delegate to the federation, said the regulation would "throw out half the member bodies" of the federation. The association approved two other parts of the resolution which call for six meetings a year and membership living in the area of the particular association.
In an effort to get more playground facilities in the region, the association will petition the House and Senate District Committees to restore to the budget funds earmarked for the Ridge and Kimball-Sousa playgrounds.

Midshipmen Are Put Into Debt by Rise in Costs, Board Says
The high cost of living is forcing graduates of the Naval Academy to go in debt.
Reporting to President Truman yesterday, the board of visitors of the Annapolis institution said that because of the increased cost of clothing and books, midshipmen must incur debts at graduation to provide themselves with the necessary outfits.
The board recommended that the Government, in addition to the present pay, give the junior officers bedding, text books, drawing instruments, slide rules and an initial uniform allowance similar to that given Naval Reserve Officers Training Corps midshipmen.
The board, made up of members of Congress, educators and other distinguished civilians, said also that the academy needs enlarging. It proposed the addition of a wing to the present mess hall, along with renovation of the galley. The group pointed out the present mess hall was designed for 2,500 men and is now seating in excess of 3,600 "under very crowded conditions."
The board also proposed modernization of the academic buildings to furnish additional classrooms, and the erection of a new gymnasium to augment present facilities.
The board also stressed the importance of building and holding a competent civilian faculty, adding that a study of conditions should be made to see how a teaching career at the Naval Academy could be made more attractive to civilian instructors.
A higher salary scale also was urged, and an increase in the civilian instruction staff from 184 to 213 was suggested.
The board of visitors, which is headed by Dr. James P. Baxter, president of Williams College, was in session at the academy from April 9 through 12.

Uline Arena Building Plans Studied as Hearing Closes
Joseph J. Ilgenfritz, Deputy Director of Inspection, today was making an examination of the original building plans of Uline Arena, Third and M streets N.E., and all remodeling permits since issued, to see whether any windows were bricked in by the management without a permit.
Mr. Ilgenfritz was asked to make the examination at the close of a hearing in the board room at the District building yesterday because Assistant Corporation Counsel Robert D. Wise, chairman of the District License Board, was unable to get the information from other District officials.
The bricking in of the windows is permissible for the lack of proper ventilation, according to the Health Department, which requested C. T. Nottingham, superintendent of licenses, not to issue a public hall license to the arena. It also charged that when a rodeo or circus occupies the arena, conditions are unhealthy in the section where animals are stabled, and that persons are permitted to sleep in that area when the big shows are performing.
At the close of the hearing yesterday afternoon, M. J. Uline, proprietor of the arena, said if the improvements ordered by the Health Department cost \$90,000, he would not make them, but would close the arena.
The hearing will be continued at 10 a.m. tomorrow.
